PRODUCT NUMBER: 1002325
SUPERVIZOR SV9PGFH
Gold-Coated Abrasion-Resistant (230mm)

Honeywell

Overview

Reference Number

1002325

Product Type

Eye and Face Protection

Range

Faceshields

Line

Supervisor

Brand

Honeywell

Brand formerly known as

PULSAFE

Industry

- Administration

Product Use

This visor is designed primarily for use in high heat and high IR environments such as steel mills and metals processing facilities

Protection against radiant heat sources up to 1390C Gold (24Karats) coated for High heat reflection

Infrared protection up to 2000 nm (not suitable for welding)

Ultraviolet protection Protection against Molten Metal

Protection against hot solids

Protection against splashes of liquids

Protection against high speed particles impact (120 m.s-1)

Features & Benefits

Feature

A robust, heavy-duty, helmet mounted faceshield with hearing protection compatibility Compatible with a wide range of helmet designs (size, shape and geometry)Visor fixing method is secure and allows easy visor replacement

Benefit

it gives maximum protection, allowing full unrestricted head movement

Feature

Full face protection: optional chinguard versions available for added protection
Creased visor eliminates gaps and visor profile follows contours of the face
Visor selection can be tailored to the specific hazard/application: mechanical, chemical, heat etc.
SH items are compatible with the complete range of helmet mounted earmuffs including Bilsom communication earmuffs

Benefit

Design allows the visor to be tilted whilst leaving the earmuffs in place covering the ears. It also facilitates the wearing of the earmuffs without compromising the attenuation, whilst maintaining a maximum area of facial coverage
