## Saviour Black PU Coated on HPPE Liner Gloves

These gloves offer excellent dexterity and flexibility for handling various tasks. They have superior cut protection and abrasion resistance to prevent injuries and extend durability. They also have a strong grip in dry conditions for better control and precision. The palm dipping provides better oil protection than knitted or cut and sew gloves, making them suitable for oily environments. These gloves are a cost-effective solution for medium-weight applications that require both protection and performance.

### TECHNICAL SPECIFICATIONS

Construction	Knitted
Liner Material	HPPE, Nylon, Spandex
Cuff Style:	Elasticized knitted wrist
Colour	Black
EN Size	6, 7, 8, 9, 10
Length	220-270 mm
