Saviour Fumex Lite Blower

The Saviour Fumex Lite blower is versatile, expelling moisture-laden air, introducing dry outdoor air, and enabling strong air displacement. Its axial fans can serve as ventilators, circulators, or simple fans. Perfect for exhausting fumes, marine industry use, confined space ventilation, spot cooling, and perimeter crawl space maintenance. Made of durable high-density polyethylene, it ensures longevity and reliability in demanding tasks.

TECHNICAL SPECIFICATIONS

Material	Plastic body
Diameter (mm)	300
Voltage (V)	110-120
Frequency (Hz)	60
Speed (r/min)	3400
Watts (W)	617
Capacity (m ³ /min)	64
Air volume at suction (CFM)	2266
Dimensions (cm)	Product: 48x40x52 Box: 50x40x54
Weight (Kgs)	Product: 12.5 Box: 13.8

PACKAGING BY SUPPLIER

1. Corrugated Box
2. Polybag

CERTIFICATION

- NOBO tested

FEATURES

1. Off-center handle for rugged professional use and easier lifting and handling
2. Large fan blades generate greater airflow for increased efficiency
3. Can easily be stacked during use, transportation, and storage
4. Protective finger guard
5. Capability to connect up to 125 feet (38 m) of straight duct
6. High-density polypropylene housing for durability

APPLICATIONS

1. Suitable for tunnel, basement, shipbuilding, electric soldering, and waste gas exhaust
2. Perfect for air circulation, carpet and floor drying, and spot cooling

OPTIONAL ACCESSORIES

High tensile strength Hose
