Saviour Water Mist System (9L)

The Cutting-edge 9-liter Saviour water mist system. Swiftly suppressing fires with ultra-fine droplets, it's tailor-made for diverse environments such as residential kitchens and server rooms, ensuring minimal water damage while maximizing safety.

TECHNICAL SPECIFICATIONS

Air Cylinders	Cylinder Volume	2L - 3 L CC/ Steel	
	Nominal Pressure	300/200 bar	
	Storage Gas	Compressed Gas	
	Seal Test Pressure	450 Bar	
Extinguishing Agent Tank	Tank Volume	12L	
	Working Pressure	8 Bar	
	Tank MOC	S.S	
Extinguishing Agent	Water or AFFF 3% foam		
Safety Valve	Available		
Diaphragm safety valve	Set at 15 Bar		
Reducer	Input Pressure	1-300 Bar	
	Output Pressure	8 Bar	
	Valve Opening	10 Bar	
	Discharge Pressure	20-30 Bar	
Spray Jet Performance	Continuous jet time	~ 25 sec	
	Continuous spray time	~ 30 sec	
	Jet Distance	15 meter	
	Spray Distance	7 meter	
Extinguishing Level	Class A	Class B	Di electrical
	Fire rating as per EN 3-7:2014+A1:2007-10 by NABL lab		
Certification	Fire rating as per EN 3-7:2014+A1:2007-10 by NABL lab		
Total Weight	Approx. 27 kg
