

## SAVIOUR CHEMAIR SUIT

Model No.: BPSAV-CA

# Saviour Chemair Suit

The Saviour ChemAir Suit is engineered to provide superior protection against hazardous chemicals and biological contaminants. Designed for maximum safety and comfort, it complies with rigorous international standards, ensuring reliable performance in critical environments

## TECHNICAL SPECIFICATION

Material	High performance multi layer chemical resistant fabric
Color	Grey
Closure	Double flap with hook and loop system and heavy duty zipper
Visor	Panoramic chemical-resistant visor for clear vision
Ventilation	Integrated air distribution system to reduce heat stress

## SIZE CHART

Size	Height(cm)	Chest(cm)
M	167-176	92-100
L	174-182	100-108
XL	180-188	108-116
XXL	186-194	116-124

## CERTIFICATION

- EN 14126 (Barrier to infective agents)
- EN 1073-1 (Radioactive particle protection)
- EN 1149-5 (Antistatic treatment)

## KEY FEATURES

- **Advanced Chemical Resistance:** Provides robust protection against a wide range of chemicals.
- **Biological Barrier:** Certified to resist penetration by bloodborne pathogens and biological aerosols.
- **Ergonomic Fit:** Available in multiple sizes for wearer comfort and ease of movement.
- **Durable Design:** Resistant to abrasions, punctures, and flex cracking.
- **Washability:** Allows multiple uses with proper maintenance.

## APPLICATION

- **Chemical handling:** Protection against spills, splashes and vapors.
- **Biological Safety:** Suitable for handling biohazards in laboratories and healthcare.
- **Industrial Safety:** Ideal for petrochemical and hazardous material management.

## ORDERING INFORMATION

- **Minimum Order Quantity (MOQ):** 10 suits
- **Packaging:** Individually packed for protection during transit
- **Customization:** Logo printing and color options available upon request
