Saviour Cryogenic Gloves

Saviour Cryogenic Gloves is water-repellent silicone cowhide grain leather glove features double aluminium/fleece insulation for excellent cold and heat protection. It offers flexibility in low temperatures, reinforced durability between the thumb and index, and a hide cuff for added forearm protection against mechanical hazards.

TECHNICAL SPECIFICATION

Construction	Cut & Sewn
Liner material	Leather
Cuff Style	Gauntlet
Colour	Yellow & Grey
Size	10, 11

APPLICATION

- Oil & Gas
- All Oxygen Industry
- Cold Storage
- Nitrogen Industry

CERTIFICATE

EN 388-4221

EN 511-321

KEY FEATURES

- Water-repellent silicone cowhide grain leather glove
- Fully lined with 2 aluminium / fleece layers
- Gunn cut, winged thumb, crispin type
- Reinforcement between thumb and index
- The silicone cowhide grain leather ensures good flexibility, even at a low temperature as well as water repellence and good mechanical protection.
- Its polar double insulation on offers outstanding protection against the cold and rays.
- The reinforcement between the thumb and index finger increases the glove's mechanical resistance and durability by strengthening the areas of wear.
- The hide cuff offers good forearm protection against mechanical hazards and limits any risk of intrusion
