Saviour Electrical Helmet

Saviour Electrical safety helmets are specially engineered to provide a high level of head protection from electrical shocks due to live line wires and working in stringent electrical work areas.

Ratchet

Pin Lock

TECHNICAL SPECIFICATION	
Material	HDPE
Suspension	6 Points suspension made out of good Nylon Material
Weight	325 gms (Approx.)
Size	520 - 600 mm
Sweat Band	Soft PU material
Chin Strap	19mm width Adjustable strap with chin cup (optional)
Design	Distinctive Aerodynamic Design
Short Strap	Offers unobstructed wide-angle vision for greater user safety
Nape Strap	Lower Extension to prevent dislodging
Colors	Fluorescent Yellow-Green, Fluorescent Orange-Red, Fluorescent Red

ADVANTAGES

- Complete head protection with comfort of wear
- High voltage withstand capability ensures high safety from electrical shocks
- Design ensures ease of wear and more comfort with special structure brim design
- Soft PU-based sweatband ensures absorption of sweat, ensuring comfort to the wearer
- Adjustable chin strap ensures proper fitment of the helmet
- 6-point suspension ensures uniform fitment and user comfort with all-round safety
- Universal slot on both sides of the outer brim for fixing accessories like ear muffs and face shields
- Chemical splash goggles can be clipped on without drilling holes
- Adjustable harness

APPLICATION

- Electrical substations & power generation plants
- Industrial segments demanding complete head protection both indoor and outdoor
- Engineering workshops
- Construction industry
- Maintenance and operations
- Inspection and surveillance

CERTIFICATION

IS 2925:1984

CM/L-7572484

EN 397:2012

RECOMMENDED ACCESSORIES

Saviour Face Shield
Model No.: FPSAV-FSP

Saviour Series 2 Safety Eyewear
Model No.: EYSAV-SERIES 2C

Saviour Helmet
Mounted Ear Muffs
Universal
Model No.: EYSAV-EF
