## Saviour Freedom Industrial Safety Helmet with Ventilator

Ensuring head protection is paramount across all manufacturing facilities, regardless of their size or scale of operation. The 'Saviour' Freedom Industrial Safety Helmets with ventilation holes stand out as the optimal choice for meeting these crucial safety needs. These helmets not only provide comprehensive protection but also prioritize wearer comfort. Featuring a specialized design with strategically placed ventilation holes, they effectively dissipate heat during extended wear, ensuring a comfortable experience without compromising safety.

### TECHNICAL SPECIFICATION

Model No.	HPSAV-FR-ABS	HPSAV-FR-SS1	HPSAV-F-ABS	HPSAV-F-SS1
Material	ABS	HDPE	ABS	HDPE
Size	520 to 600 mm	520 to 600 mm	520 to 600 mm	520 to 600 mm
Ratchet	√	√	X	X
Ventilation Hole	15	15	15	15
Suspension	8-point textile suspension	8-point textile suspension	8-point textile suspension	8-point textile suspension
Chin Strap with chin cup	√	√	√	√
Sweat Band	Soft PU	Soft PU	Soft PU	Soft PU
Colour	<div><div>White</div><div>Blue</div><div>Yellow</div><div>Red</div><div>Green</div><div>Orange</div></div>			
Logo	Logo printing and branding options available for bulk orders			
Reflective strips	Reflective strips options available for bulk orders

## KEY HIGHLIGHTS

1. **Advanced Ventilation System:** Improves airflow, prevents overheating, and boosts wearer comfort.
2. **Temperature Reduction:** Decreases inside temperature by 6°C to 8°C.
3. **Impact Protection:** Utilizes high-impact shell and shock-absorbing material for superior head protection.
4. **Adjustable Fit:** Secures a customized fit with adjustable chin strap and headband.
5. **Visor Compatibility:** Easily attaches optional visors for added face protection.
6. **Lightweight and Durable:** Minimizes strain with lightweight build and ensures long-lasting durability.
7. **Complete Head Protection:** Provides heat dissipation through 15 ventilation holes.
8. **Aero-Dynamic Design:** Offers ergonomic comfort with its aerodynamic design.
9. **Soft Sweatband:** Conforms to head contours, maximizing sweat absorption.

## APPLICATIONS

- Construction sites
- Industrial facilities
- Manufacturing plants
- Warehouses
- Maintenance and repair operations
- Utility and infrastructure work
- Outdoor work environments
- All industrial segments requiring complete head protection indoors and outdoors.
- High-heat areas such as erection, commissioning, fabrication, and laying of pipelines.
- Foundries, furnaces, and kilns.
- Mechanical engineering workshops.

## CERTIFICATION

**EN 397:2012 + A1:2012**

**IS 2925:1984**

**CM/L-7572484**

## RECOMMENDED ACCESSORIES

**Saviour Face Shield**  
Model No.: FPSAV-FSP

**Saviour Series 2 Safety Eyewear**  
Model No.: EYSAV-SERIES 2C

**Saviour Helmet  
Mounted Ear Muffs**  
Universal  
Model No.: EYSAV-EF
