Saviour Safe Cut Guard Gloves

Saviour Para Aramid Knitted Gloves are engineered to deliver superior mechanical strength for light to heavy-duty handling and production applications. Made from high-performance Para Aramid, these gloves provide very high cut resistance while maintaining enhanced comfort and dexterity for the user. They also offer heat resistance, making them suitable for tasks involving elevated temperatures. A reinforced thumb welt increases abrasion resistance and enhances glove durability. Fully ambidextrous, washable, and reusable, these gloves ensure long-lasting performance.

TECHNICAL SPECIFICATION

Construction	Knitted
Liner material	Para-Aramid
Cuff Style	knit wrist
Colour	Yellow
Length in MM	220-280
SIZE	8, 9, 10
Packaging	144 pairs/Carton

CERTIFICATE

EN 388-144X

KEY FEATURES

- Good level of dexterity and flexibility
- High level of cut resistance
- Good abrasion resistance
- High level of cut resistance with dexterity

APPLICATION

- Automotive
- Machinery & Equipment
- Metal fabrication
- Metal fabrication
- Building and construction
- Glass
- Chemical
