Saviour Safe Fit Reusable Ear Plugs

In manufacturing facilities, noise levels vary depending on operations, often requiring protection against high-pitched noise. This necessity is particularly evident in mechanical workshops, operational plants, and the manufacturing industry, where machinery and equipment generate significant noise. 'Saviour' Safe-Fit reusable Ear Plugs provide the ideal solution for such protection needs.

TECHNICAL SPECIFICATIONS

Material	Soft silicon material
Construction	<ul style="list-style-type: none">• Triple flange design• Comes with anti vibrating neck string
Noise reduction limit	Up to 25dB NRR/SNR

KEY HIGHLIGHTS

1. Guards against hearing loss and minimizes cord-induced sound vibrations.
2. Washable, enabling multiple uses and providing cost-effectiveness.
3. Optional storage case ensures cleanliness and protection of earplugs.
4. Features an anti-vibrating cord for added comfort.
5. Boasts an SNR/NRR rating of 25 dB.

APPLICATIONS

1. Plants in operation produce high noise levels due to machinery/equipment or the crackling effect of operations.
2. Refineries, fertilizer plants, and similar facilities utilize heavy process equipment during operations.
3. Workshops generate machinery noise during operations such as grinding.
4. Mechanical heavy fabrication works involve hammering and structural impact noise.

CERTIFICATION

- Tested as per EN 352-2
