ADVANTAGES

- Dual-colour scheme facilitates easy differentiation between shoulder and thigh straps.
- Polyamide webbing ensures excellent resistance to UV rays, chemicals, and abrasion.
- Individual adjustment of each shoulder strap allows for personalized fitting, with adjustments made via the leg straps.
- Brightly coloured, high-visibility webbing enhances safety by enabling easy equipment inspection from ground level.
- Thoughtfully designed shoulder strap adjustment retains surplus webbing to prevent snagging or obstruction during operation.
- Each product is clearly labelled with part number, description, and date of manufacture for easy identification and tracking.
- In an emergency, a person can self-rescue using the trauma strap.

APPLICATION

- Marine, industrial, or coastal settings
- Industries such as construction, climbing, rescue operations, and any profession requiring fall protection
- Outdoor activities such as rock climbing, mountaineering, and zip-lining.

ADDITIONAL INFORMATION

Please note: If the safety belt is needed as a separate item, the 'D' Ring will not be charged separately.

CERTIFICATION

Certified to IS 3521: 1999
