Complete Safety Solutions

Saviour Ventair Suit

When working with Solids or Fluids in any manufacturing facility, you need to protect all your body parts from possible hazards. Some Fluids, such as chemicals (toxic or non-toxic), aerosol particulate, pathogens etc, can pose serious risks to your health and safety. That's why you should use SAVIOUR Ventair Body Protection Suits, which are made of special PP non-woven laminated fabric and have double-stitched seams. These suits will shield you from flying particulates and minute particles in the air where needed.

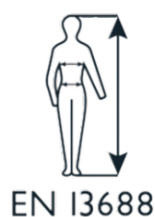

TECHNICAL SPECIFICATIONS

Material	PP Non-woven Laminated Fabric
Colour	White

CERTIFICATION

EN ISO 13688:2013
EN ISO 13982-1:2004 + A1:2010* (Type 5)
EN 13034:2005 + A1:2009* (Type 6)

EN 13688

Type 6

Type 5
