Saviour Wind Helmet

Head protection is essential in manufacturing facilities of all sizes, addressing the fundamental safety requirements in various industries and field activities. The susceptibility of the head to injuries from falling objects, unexpected falls, or impacts underscores the necessity for dependable safety gear. Saviour Wind Helmets are designed precisely to meet these protection needs, offering comprehensive head protection while prioritizing wearer comfort

Ratchet

Pin Lock

TECHNICAL SPECIFICATION

Model No	HPSAV-WVR
Material	HDPE
Size	520 to 600 mm
Ratchet	√
Ventilation Hole	6
Suspension	4-point polymer suspension
Chin Strap with chin cup	√
Sweat Band	Soft PU
Colour	<div> White  Blue  Yellow  Red  Green  Orange</div>
Logo	Logo printing and branding options available for bulk orders.
