## SAVIOUR 40 CAL ARC FACE SHIELD

Model No.:

## Saviour 40 Cal Arc Shield

The Saviour 40 Cal Arc Face Shield is a premium anti-fog coated Highly Transparent (HT) Arc Flash protective shield with a Velcro pattern for hoods. It features an Arc Thermal Performance Value (ATPV) of 40 calories and utilizes a dual-pane construction for enhanced protection.

### TECHNICAL SPECIFICATION

Material	Polycarbonate
Window Size	25.4 x 50.8 x 0.15 cm (10 inches x 20 inches x 0.06 inches)
Weight	272 g (9.6 oz)
Colour	Grey
Arc Flash Rating	40 cal/cm <sup>2</sup>

### FEATURES

- Premium anti-fog coating for improved visibility
- Highly Transparent (HT) material for clear vision
- Velcro pattern for easy attachment to hoods
- Dual-pane construction for increased durability and protection

### APPLICATIONS

- Electrical utility work
- Electrical maintenance and repair
- Industrial manufacturing
- Construction sites
- Any environment with potential arc flash hazards

### ADVANTAGES

- Ensures maximum protection against arc flash hazards
- Comfortable to wear for extended periods
- Promotes safety compliance in the workplace
- Easy integration with existing personal protective equipment (PPE)
- Enhances visibility and clarity for improved work efficiency

### CERTIFICATION

- NFPA 70E
- ANSI Z87.1
- ASTM F2178
