Saviour Electrical Hand Gloves

Saviour Electrical Insulating Gloves provide electricians with dependable and comfortable protection. Crafted from pure natural rubber latex using an eco-friendly dipping process, these gloves offer superior flexibility and dexterity. Their natural shape conforms to the hand, reducing fatigue, while the wide cuff accommodates various clothing types. With a smooth finish for easy wear and removal, these gloves are certified to withstand acid, ozone, and very low temperatures according to IS or EN standards. Tested rigorously to ensure compliance with high-quality electrical safety standards, Saviour Electrical Protection Gloves offer the right class of protection for your specific needs.

TECHNICAL SPECIFICATIONS				
Coating Material	Natural rubber latex	Type of Glove	Proof Test in Voltage	Maximum Working Potential Voltage
Liner Material	Non flocked			
Cuff style	Rolled beaded/ gauntlet			
Colour	Pink			
Grip design	Smooth finish
